ESPACIO Enterprise CO., LTD.
ESPACIO NAGOYA CASTLE

INTRODUCING ESPACIO NAGOYA CASTLE, AN ULTRA-LUXURY HOTEL OVERLOOKING JAPAN'S ICONIC NAGOYA CASTLE

NAGOYA, JAPAN (October 1, 2025) –The [ESPACIO Nagoya Castle](#) was unveiled today by ESPACIO Enterprise Co., Ltd, ushering in a new era of luxury hospitality in one of Japan's most historic destinations. This newest addition marks the third ESPACIO brand hotel, following [ESPACIO The Jewel of Waikiki](#) and [ESPACIO The Hakone Geihinkan Rin-Poh-Ki-Ryu](#), both of which are operated by Kowa Company Limited.

Situated across the moat from Nagoya Castle, the former residence of the Owari Tokugawa clan for 260 years, ESPACIO Nagoya Castle inherits the spirit of the original 1969 hotel, long cherished by the local community. Its central yet tranquil setting places guests within reach of Nagoya's leading cultural landmarks, including the Tokugawa Art Museum, Atsuta Shrine, and the Toyota Commemorative Museum of Industry and Technology.

ESPACIO Nagoya Castle offers guests an immersive experience with Japanese artistry and tradition. The guest rooms are filled with modern craftsmanship using traditional techniques that reflect the sophistication of samurai culture. Rooms feature works of gold leaf, karakami paper, kumiko latticework, dyeing, lacquer, and sculpture, sublimated in a fresh and elegant way, inviting guests to an extraordinary palace where luxury and tranquility are harmoniously combined.

Extending the ESPACIO tradition of culinary distinction, the ESPACIO Nagoya Castle boasts a full restaurant floor offering French, Japanese, and Chinese cuisines with menu highlights of sushi, teppanyaki, tempura and more. Menus emphasize seasonal, locally-sourced ingredients and cater to diverse preferences, including vegetarian and vegan offerings.

The property will also house ESPACIO SPA SPA AT ESPACIO NAGOYA CASTLE. Facilities include natural hot spring baths drawn from deep beneath the hotel, mosaic-tiled pools, state-of-the-art fitness, and luxurious treatment rooms, all designed around the philosophy of “The Art of Wellness,” aimed to provide true relaxation and health.

For gatherings and celebrations, the hotel offers four versatile banquet spaces, including the Tenshu-no-Ma, one of the largest banquet halls in Japan. From intimate family occasions to large-scale international conferences, ESPACIO Nagoya Castle provides a premier venue rooted in Japanese hospitality, otherwise known as omotenashi.

The property opened its front doors on October 1 and commemorated the occasion with a ceremony of distinguished guests such as Aichi Prefecture Governor Hideaki Omura, Nagoya City Mayor Ichiro Hirose, Kowa Company Limited Chairman and President Yoshihiro Miwa, ESPACIO Enterprise Co., Ltd. President and Representative Director Hiroyuki Tabuchi, along with special guests Takako Tokiwa and Emi Takei.

As the flagship hotel of the Kowa Group, ESPACIO Nagoya Castle will carry on the traditions and spirit of hospitality of the former Hotel Nagoya Castle, which have been passed down through generations, while simultaneously setting a new benchmark in personalized hospitality.
